WALKING WITH THE WOUNDED

Share Gift

Walking With The Wounded works with ShareGift, the share donation charity, to benefit from donations of shares. (Registered Charity number: 1052686).

ShareGift specialises in accepting donations of shares, especially small share holdings which would cost more to sell than they are worth. These donated shares are aggregated until there are enough to sell, and proceeds are used to support charities across the UK, including WWTW.

To donate shares, please print out and complete this form and return it to ShareGift with your share certificates*. ShareGift will send you the relevant transfer form to sign and return to them.

For further information, contact ShareGift on 020 7930 3737 or visit their website, www.ShareGift.org
