**CYCLE HORSMONDEN for WALKING WITH THE WOUNDED** consists of 3 cycle routes (75, 50 or 25 miles) through the Kent countryside.

WWTW was established in 2010 to fund the re-training and re-education of our servicemen and women, both veterans and those leaving The Armed Forces today. They finance new qualifications, education and training programmes for those who are injured, to help with their career transition. This enables the blind, the burn victims, the mentally injured, the amputees and all the other wounded to rebuild their lives and to return to the work place. We owe these young men and women so much for what they have done in our name and for our country. With your kind donations WWTW can help to repay them with working to ensure that they each have a bright and fulfilling future for themselves and their families. Thank you for your support.
